

The iceberg question! 16 Marks and 4 bonus SPAG marks.

Remember in this question you are given a statement and asked how far you agree with it?

Part 1: This is the part of your answer where you explain the factor from the statement in the question.

Part 2: The unseen part of the question. This is where you need to explain other factors that contributed to the event in the statement.

Part 3: The conclusion. This where you reach an overall judgement on the question you have been asked and explain how far you agree with the statement.
